Parking

Please discuss with your personnel about parking legally on base. We have begun towing vehicles parked illegally on the grass and stripped fire lanes.

Setting Boundaries – Close the Door on Energy Waste

Doors let us in and out of the building, and in and out of spaces within the building. Most doors within the building are inside the air conditioning boundary, and can be left open unless they are designated as fire doors. But one way to save on heating and air conditioning is to close doors to spaces that aren't used much, like storage areas. If they have their own source of heat or A/C, set the thermostat to the most energy-saving position (down in winter, up in summer) or off, if there's no chance of water freezing in pipes in the space.

Obviously, doors to the outside need to be closed when the heat or A/C is on. If you notice a door that's frequently left open, report it to your supervisor or building energy monitor. The mechanical door closer may be in need of repair. Or maybe the building pressure needs to be adjusted. Typically, the volume of fresh air being brought into the building should be slightly more than the volume of air being exhausted, to keep a slightly positive pressure in the building.

It's especially important that large loading doors be closed when not actively in use, if the heat or A/C is on. Report large loading doors to conditioned spaces that are frequently left open. It might be cost effective to install automated high speed doors that save energy, and improve comfort and productivity.

Vehicle Registration Still Required

In accordance with CNIC instruction 5530.14A (page 233) and Naval Station Norfolk message (DTG 272010Z JUN 13) the requirement to register your vehicle with Pass and ID did not go away with the elimination of base decals.

It is in the best interest of all our Sailors and civilians to register vehicles on base. Recently we had some vehicles vandalized and other vehicles damaged during a storm but in both cases notification attempts failed because the vehicles were not registered.

More information on the registration process will be forthcoming.

Operation Decorama Reminder

Judging will be held the evening of Wednesday, 17 DEC. For info contact [NSN PAO](#).
